DAIRYMEN'S PROGRAM. Plans Being Laid for a Big Time in Burlington.

F. L. Davis of Hartford, secretary of the Vermont Dairymen's association, was in Burlington Monday, completing arrangements for the holding of the annual convention here on January 6 and 7.

The exhibit of butter and cheese will be especially noteworthy, as the premiums for these products are attractive, about \$7000 having been set aside for this purpose.

The convention will be called to order by President C. F. Eddy at ten o'clock Wednesday morning, January 6, at the armory. Business sessions will be held in the forenoon and afternoon.

A new feature of the convention will be the introduction of a new test for milk and cream. The test will be made for the first time in Vermont and will be under the direction of C. B. Lane of Washington, D. C.

The property involved in yesterday's sale included, besides the mills of the North Pownal Manufacturing company, a large number of tenements and storehouses adjacent to the mills, and a considerable amount of real estate situated in the states of New York, Vermont and Massachusetts.

ABOUT THE STATE

Electric lights were turned on at the home of C. I. Moore, of Morgan, November 25, the first time in the history of the town that means of lighting has been used.

S. E. Hathaway of Burlington, has a good sized baby rose blooming in his front yard which is attracting considerable attention. The flower appears as fresh as if it were spring time and has not been covered at any time during the fall. Small buds are also appearing on the bush.

Miss Bertha Carr of Georgia, while visiting her aunt, Mrs. Palmyra Ballard of Fairfax, in August lost her gold watch, a present from her mother just before her death and prized very highly for that reason. Everything was done to find it but without success. A few days ago the watch was sent to Miss Carr by mail without any name signed to the package.

An adjourned business meeting of the Vermont Historical society was held in the rooms of the society in the State House Tuesday afternoon, and the following persons were voted in as members: Martha E. Spafford of Rutland, Loomis Winship of Fairlee, Dr. George H. Gorham of Bellows Falls, President John M. Thomas of Middlebury college, Walter E. Perkins of Poufret and Henry T. Brown of Ludlow.

Richard M. Phillips, who died at his home at Castleton corners recently at the age of 90 years, had been a resident of Castleton more than sixty years. He was a school teacher for many years of his life. He represented the town in the state legislature in the years 1865-6. Mr. Phillips is survived by his wife, one son, W. G. Phillips, of Poufret, and a daughter, Mrs. Edward A. Sherman, of Castleton corners.

A safe weighing about 1,500 pounds fell through the elevator shaft at the Masonic Temple in Burlington Tuesday a distance of about 20 feet. The elevator had been raised to the top of the shaft and the safe was being drawn up by means of ropes and pulleys. The ropes broke and the safe crashed to the bottom of the shaft, landing on the motor and also damaging the shaft so that it will be some time before the elevator will be again in commission.

Mrs. Lillian Goodroe, wife of Levi Goodroe, was found dead in her bed Monday evening at her home in Brandon. The cause of death was heart failure. Mrs. Goodroe probably died Sunday evening as the family in the other tenement heard no sound in the rooms Monday. In the evening the door to her rooms was broken open and it was found that she had eaten her supper and apparently retired for the night.

A gathering of representative citizens from the three villages of Derby Line, Rock Island and Stansted Plain, Vt., was held at the Haskell free library in Derby Line recently for the purpose of presenting to Colonel Haskell a set of resolutions in appreciation of the gift to the villages of the library and opera house, and on endorsement of \$50,000.

Gen. Franklin G. Butterfield accepted the role of chairman and read the resolutions, and presented them, engrossed and hand illuminated in gold and colors on parchment to Colonel Haskell. Colonel Haskell thanked the villages, through the men present, referring to the fact that nearly fifty per cent of the population of the locality were registered patrons of the library, and during the past one hundred library days between 14,000 and 15,000 books were withdrawn. The Haskell library stands directly on the boundary line between the United States and Canada.

A Great "Hello" Town.

The third floor of the White River Savings bank block at White River Junction is being strengthened by iron pillars, deemed advisable as the New England Telephone company is to install a new dynamo. The growth of the telephone business there has been very marked the past 15 years. At this time a little four by six room off the Junction hotel office sufficed. The company moved from there to a half room in Gates block and later to a larger room in the same block. It now occupies the whole upper floor of the Savings bank block and with these accommodations has scarcely the room necessary for the carrying on of the business. The number of employes has increased from one to 26, and the number will soon be enlarged. This is reported to be the most important toll station the company has, and its natural advantages are such as will keep it permanently in the lead.

POSTMASTER RESIGNS.

L. D. Hazen of St. Johnsbury May Be Succeeded by Arthur A. Stone.

St. Johnsbury, Dec. 3.—Postmaster L. D. Hazen has sent his resignation to the department to take effect as soon as his successor is appointed.

No sooner was this fact known than prospective postmasters popped up at every turn of the street. Nearly a dozen names have been mentioned, anyone of whom would undoubtedly be entirely satisfactory to the department and the patron of the office. However, only one position has been in circulation and that is in favor of Arthur A. Stone. He has been very generally signed and should be gratifying to a degree to the probable successful aspirant. Mr. Stone deserves the place. He has always been identified with St. Johnsbury's interests and has labored early and late to promote them.

It is a matter of regret to all that Mr. Hazen's action is hastened because of his continued poor health. He has been a faithful official and retiree with the best wishes of all concerned.

Mr. Hazen was first appointed by President McKinley in 1899 to succeed Fred G. Bunby and was twice re-appointed by President Roosevelt. His present commission would have expired February 19, 1911, when he would have served St. Johnsbury for a continuous term of twelve years.

A CARD.

We, the undersigned, do hereby agree to refund the money on a 60-cent bottle of Greene's Warranted Syrup of Tar if it fails to cure your cough or cold. We also guarantee a 25-cent bottle to prove satisfactory or money refunded.
